

Bowers and Buckley

Have Heart

Relay for life is an event to raise money for the American Cancer Society to fund their research. This year Bowers and Buckley have joined forces to raise awareness and funds for this event. The Manchester Relay For Life will be held at Northwest Park, 448 Tolland Turnpike (near Bob's Discount furniture) on Friday, June 6 beginning at 3pm and lasting for 24 hours. We are reaching out to our school community members to do what they feel they can to support our efforts. You can join our team, ask your family, friends and neighbors to join us or support us. We will be holding many fund-raising opportunities from now until the actual relay in June. If you would like to join this team please go to:

- www.relayforlife.org
- type in Relay For Life of Manchester – Manchester, CT under Sign up for an event
- if you are a returning team member sign in (if you remember it from last year)
- if you are new to Relay click on Join A Team
- in the drop down menu for team name look for Bowers and Buckley Have Heart
- if you are a Cancer Survivor (YEAH!) you can sign up to walk the Survivor lap
- simply follow the registration prompts to complete

Many thanks in advance for your time and dedication to this event. Our schools being involved in an event like this provides a way for us to give back to the communities which support us. It also shows our children a way to become involved and show compassion.
